

EXTENSION

Has the value of your forestry investment appreciated at the rate you expected? Odds are, with current timber market conditions, your answer is no. As a result, forest landowners are indicating a desire to explore some of the more unconventional sources of income from your forests. Would you like to know more about....

...Diversifying your forest product classes through mixed stand management

...Firewood, specialty woods, and Crafts markets and values

...Hunting, fishing, and other Recreational leases

...Pine straw production

...Utility Pole Production

Individuals who require special accommodations to participate should contact the Attala County Extension Office to make their request prior to the program. Contact should be timely to ensure appropriate accommodation.
