

MSU Forestry Club/SAF
General Meeting
November 11, 2006
Thompson Hall, Room 208
6:00 pm

1. Members need to be aware of the Dean's council awards packets. You get points for being active in department events, and when you get 100 points, you receive a leadership award. See Dr. Grado for awards packets.
2. Each organization is going to take turns cleaning the student lounge. Our month is early in 2007. The lounge will be closed if it is not taken care of.
3. We have new furniture in the atrium. Thank Dr. Hopper, and please take care of it!
4. There are efforts for a spring break trip to the mountains to go white water rafting. The current plan is to leave Wednesday of that week, and be back Sunday.
5. If you went to the national convention, please take your electronic ticket to Ms. Kathy and sign your blue form by the end of the week to avoid being charged for the plane ticket.
6. If anyone is not getting club emails, see David. If you have pictures of club events, get them to Dr. Grebner. The next meeting will be November 28.
7. There will be a bonfire at Dorman Lake the night of the Arkansas game at 8:00.
