

Cover Crop

Field Day

Friday, January 19, 2018 • 10:30am

Carter Farms • Rolling Fork, MS

Head south on US-61 0.5 miles past the Rolling Fork John Deere dealership, the destination is on your left

Join us for a Cover Crop field day! We'll be talking **soil health, water quality, crop production, and economic costs/savings**. Come hear from local farmers how they are **choosing varieties, planting, and terminating cover crops**. We'll also talk about a new USDA-funded collaborative effort between Mississippi State University, Delta F.A.R.M., and the University of Kentucky to research the realities of using cover crops in the Mississippi Delta.
