

Hardwood Management Field Tour

Sponsors

Presented by Mississippi State University Extension Service

Agenda

8:30-9:00 am Registration

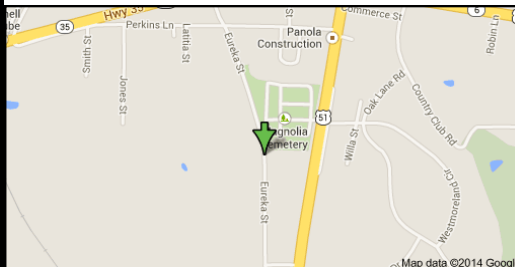

Hardwood Field Tour

12:00 noon - Adjourn

This program is designed for participants interested in learning more about hardwood management. Drs. Randy Rousseau and Brady Self of the Mississippi State Extension Service Department of Forestry will lead a field tour through privately managed hardwood forest sites. This field tour will focus on the history and management of hardwood stands as allowed by landowners. Discussion will be aimed at providing participants with information needed to assess similar situations encountered on their own lands. This will be an outside discussion oriented field tour.

Brady Self, Assistant Extension Professor
