

Would you like to know more about . . .

- . . . what is a timber basis?
- . . . why records are important?

- . . . how to recover reforestation costs?
- . . . saving money on timber taxes?

Then attend our **Income Taxes and the Family Forest** short course!

Extension Service Webpage: MSUcares.com

Individuals who require special meals or other accommodations to participate should contact the Lafayette County Extension Office to make their request prior to the program. Contact should be timely to ensure appropriate action.

INCOME TAXES AND THE FAMILY FOREST

Many landowners pay more than their fair share of taxes on their timber income. Even forest landowners using accountants need to understand how timber expenses are reported and income is taxed. Knowing the tax rules will give you an advantage in planning your forest management activities, and save you money.
